Roundtable

Next SGT meeting is Tuesday, November 10, 2020 via Zoom at 1:30 pm.

*Agenda Item from Laurisa Murray

One area I would love to see SGT discuss is the return of small group or individuals who are really struggling (SpEd, EL, or tech issues). I know this may be squashed quickly since the district is in control but I was hoping our site may have some power or abilities to bring a few students back for the needed support. Or maybe even just have a plan in place when/if we can?

Additionally, I would love for there to be more opportunities to communicate to students. I am teaching some of the more “involved” students on our campus and I am surprised at how in that dark they are about dates, events, or even how the quarter system works. These kids were used to hearing M5 daily so maybe we can have some sort of equivalent?

Thanks for all the SGT’s time and consideration ☺

** Agenda Item from Stuart Morse (paraphrasing)

Stuart is hoping for some answers as to the support of counselors during this time. With students who are struggling or failing courses, are they able to reach out and connect with students? He’s looking for what “role” they play currently in the day to day operations.
