2. Second Floor: 18 classrooms and offices.

- c. Phase 3 - Performing Arts Center Building
- d. Phase 4 - Athletics (secondary gym and outdoor spaces)
- e. Q/A Responses
 - i. New Track will be installed soon due to safety concerns.
 - ii. Recent tagging on upper field two weeks ago was promptly repainted by the district.
 - iii. Possibility of HD camera system, esp. on upper field.
 1. Desirable: secondary camera systems with professional installation in new buildings with low staff/ high student ratio - such as VPA buildings.
 - iv. Air-conditioning repair in the 600 building.
 - v. Elevator replacement in the 600 building will be needed – costly to repair the current structure.
 - vi. Entrance/ parking/ “curb cut” issues with Mark Twain.
 - vii. Additional parking for MMHS confirmed; electrical vehicle parking desirable.
 - viii. No new solar panels because MMHS is 90% off the grid.

2. New Business

- a. Principal Sabins
 - i. Proposal development with area principals is underway for the return of in-campus learning, currently anticipated for Fall 2021 with a 6-period, full-day schedule.
 1. Flexibility in these areas: daily student attendance (virtual and/or in-person); weekly schedule options for sites based partly on school size; and covid-19 testing/ vaccination options for students.

- ii. Vaccines for educators in SD Unified will be a County decision, as part of the 1B roll-out.
- iii. Multiple graduation ceremonies for seniors may be possible if students can return to campus in Qtr. 4 (after Spring Break) and the county's status in the tier system is acceptable.
- iv. Q/A Responses
 - 1. Status of walking bridge over Mira Mesa Blvd. that connects the high school to the park will cost \$12 million and needs a height clearance. Also possible is making the bridge a "Mira Mesa" archway sign over the boulevard similar to signage in other San Diego City neighborhoods.
 - 2. Cohort scheduling is tricky at large sites like MMHS because students are at different levels, esp. in terms of electives. Passing periods will be challenging as well.
 - 3. For teachers, in-person AND online instruction happening concurrently will be difficult to manage. They will continue to have limited interactions with students in-person, too.
- b. Seniors returning to campus at some point? – Laurisa Murray
 - i. Not possible currently. High schools in the district are absolutely concerned about how to recognize seniors for whom the entire year - and part of the junior year - have been spent off-site and online.
- c. Weekend access to classrooms for teachers? – Jeanne Christensen
 - i. Follow-up will be available after a meeting that the principal will attend on Feb. 8th.
 - ii. District concerns about liability, social distancing, and regular covid testing on the weekends.

- c. Senior Class Photo on the field? Car Parade Graduation Ceremony that circles the parking lot and rounds the track?
- d. Senior Class Photo taken in three large groups and digitally combined later?
- e. Confidential agenda items will be indicated during the meetings; otherwise, the agenda is transparent and accessible to all.
- f. Taste of Mira Mesa will be planned for Summer 2021.
